

**DETAILED ACTION**

**Current Status**

1. This action is responsive to Applicants' amendment of 27 March 2009.
2. Receipt and entry of Applicants' amendment is acknowledged.
3. Claims 17-20 and 22-26 are pending in the application.
4. The 112 rejection is withdrawn because the variables are defined in the claim.

**Claim Rejections - 35 USC § 112**

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 17-20 and 22-26 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 17-20 and 22-26 are indefinite because the claims recite "reacting an acid liberated during said synthesis". Claim 17 is confusing because it unclear how the reaction starts when it requires an acid "liberated during said synthesis". The metes and bounds of the claims are unclear. Correction is required.

Applicants' amendment necessitated the new grounds of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE

In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
